

Dear Parents,

Jump Rope for Heart is the school FUNdraising event that nobody wants to skip.

Students discover fun ways to get active, practice healthy habits and learn about helping others while raising money to help beat heart disease and stroke.

We recently hosted our Jump Rope for Heart kick-off assembly to launch this year's program. From now until our Jump Event, students will learn fun ways to get active for heart health while raising awareness and support for Heart & Stroke

We love participating in Jump Rope for Heart because:

Students learn life-long habits:

- Jump encourages kids to be active and live healthily. A lesson they will value for life!

Kids feel good by doing good:

- Students learn the importance of giving back as they collect donations that help fund critical research that saves lives, prevents heart disease and stroke, and supports survivors and their families.

Fits any time, place and activity:

- Kids can move their way by jumping, dancing, wheeling and more, on their schedule, at school or home.

Jump gives back:

- Schools that raise a minimum of \$500 will receive 8% of their fundraising dollars back to put towards what they need most (think, sports equipment, or educational tools!) or can donate back to Heart & Stroke to make an even bigger impact.

Fits any time, place and activity:

- Kids can move their way by jumping, dancing, wheeling and more, on their schedule, at school or home.
